 <p>Turtle Lake</p>	 <p>Boulder</p>	 <p>Joliet</p>	<p>Same colors on a different base, so you can see how they look in different lighting and are wound a little differently — remember, this is a hand-dyed product, that the silk picks up the colors differently, and you'll want to pick a project that can either be blended or striped to disperse the colors to great affect. (Seeley and Joliet look very similar!!)</p>
